East Jordan School to Open Monday Morning, Sept. 12

PARENTS URGED TO HAVE CHILDREN FAMILIAR WITH PROPER ROOM AND TEACHER BEFORE LEAVING FOR SCHOOL, MONDAY

The East Jordan School will open Monday, September 12. Buses will leave at noon the first day. It will not be necessary that children carry lunches. Following is a list of elementary pupils as of May. It is suggested that they report to the following teachers in the rooms designated. This will eliminate a major portion of the confusion and milling around always accompaning the opening day.

The school hot lunch program will start on Wednesdty, Sept. 14th.

Kindergarten

report to Helen Severance kindergarten room. Children will be accepted if they are Five by October 1.

Children residing in the city and walking to school report Tuesday afternoon instead of Monday forenoon.

First Grade

Engegement Announced

Mr. and Mrs. Tony Galmore announce the engagement of their daughter, Elaine, to Wm. L. Saxton, son of Mr. and Mrs. Harry Saxton. The wedding will take place sometime in the near future.

Dr. Wm. B. Lampe To Preach In Presbyterian Church

The Rev. Wm. B. Lampe, pastor of the West Presbyterian Church of St. Louis, Mo., will preach in the Presbyterian Church this next Sunday. Dr. Lampe, who is dean of the summer guest preachers, has preached here at least once each summer for the past thirty-one years.

Dr. Lampe has been regularly scheduled to preach on the first Sunday in August, but due to severe illness was compelled to cancel this engagement. So it is with unusual pleasure that we are able to announce that he has made a remarkable recovery and will preach Sept. 11. His sermon theme will be: "I am a Christian because ____".

Library Notes

The East Jordan Public Library will change to regular schedule, beginning, Monday, September 12th. The Library Hours will be:

Afternoons — 2:00 to 5:00.
Evenings — 7:00 to 8:30.
Tuesdays and Fridays — 12:00 to 5:00.

Their Golden Wedding

In honor of Mr. and Mrs. Ernest Barnes' fiftieth wedding anniversary, a pot luck dinner will be served at 2:00 p. m., Saturday, Sept. 10, in the log cabin at East Jordan Tourist Park. Friends and relatives are invited to attend.

Football Season Around The Corner

The East Jordan Red Devils open up their 1949 football season with a night game at Frankfort, Sept. 16. Undefeated last year, the Red Devils face a tough Conference schedule after the Frankfort game. Grayling, Charlevoix and Pellston look to be plenty tough according to Coach Dan Devine. "It looks like we will be out-weighed and out-manned again this year, but you can rest assured we won't be out-fought," was all coach would say when asked for a statement.

Season tickets for the four home games will go on sale next week.

Following is the 1949 schedule:

Sept. 16 —Frankfort at Frankfort.
Sept. 23 — Harbor Springs at Harbor Springs.
Sept. 30 — PellstonatPellston.
Oct.5 — Charlevoix at Charlevoix.
Oct. 14 — Grayling at East Jordan.
Oct. 22 — Boyne City at Boyne City.
Oct. 28 — Mancelona at East Jordan.
Nov. 4 — Gaylord at East Jordan.

Regular Communication of East Jordan Lodge No. 379, F. & A. M., Tuesday, Sept. 13, 1949, at 8 p. m.

Bad Car Accident Sunday Night

CARS MET HEAD-ON ON CURVE NEAR MONROE CREEK

Five persons were injured, four seriously, when two cars crashed headon near Monroe Creek on M66, three miles north of East Jordan late Sunday night, according to Deputy Sheriff Harry Simmons of East Jordan.

Injured were: Leslie Crain, 23, of Charlevoix R. 2, who suffered a severe forehead laceration; Thomas Roof, 19, of Boyne City, head and leg lacerations and a possible spinal injury; William Pardee, 12, of East Jordan, who was thrown clear and suffered only minor cuts and bruises; Wanda Williams, 26, of Central Lake, compound fracture of left leg and severe lacerations, and David Erickson, 21, of Central Lake, jaw and nose fractures and lacerations. All were taken to Charlevoix hospital.

Crain was the driver of one car, Simmons reported, with Roof and Pardee riding with him, and Erickson was the driver of the other with Miss Williams as a passenger.

The autos crashed head-on on a curve at top of a hill on the highway and both drivers were still unconscious Monday and unable to give any reason for the accident, the deputy said.

Hospital attendants said Miss Williams was the most seriously injured and was in serious condition Monday night. Crain, Roof, and Erickson were reported in fair condition Monday night. Pardee was released from hospital after treatment.

Hunting Good On The "Island"

RABBITS ARE PLENTIFUL ON BEAVER ISLAND

There are rabbits, plenty of them, to be hunted this fall on Beaver Island,

Archie Lafreniere, secretary of the Beaver Island Association of Commerce, has broadcast an invitation at the suggestion of the Beaver Island Game Club to the state's hunters to do their hunting on the island this fall.

Not only have the rabbits reached the peak in numbers this year, but squirrels as well, Lafreniere said. Patridge hunting also is expected to be "normal or better" and no decline has been noted in the deer herd.

A few years ago rabbits all but disappeared from the island. With the cooperation of the native islanders who did not shoot them in the seasons when they were scarce, the animals have made a comeback and now are more plentiful than ever, according to the A. of C. announcement.

The best part of Lafreniere's invitation to the hunters to "come out and get'em" is the disclosure there isn't a "no hunting" sign to be found the length of the 16-mile long island that lies 32 miles off the Charlevoix port in Lake Michigan.

Accommodations for meals and lodging are available on the island at the King Strang hotel, at Lloyd McDonough's cabin camp south of St. James and at tourist homes. For those hunters who prefer to camp there are excellent campsites in every section of the island, with stores at St. James well-stocked with the necessities of a camp.

Beaver Island is reached by boat, which operates out of Charlevoix, sailing each morning at 9:15 and by air on planes that operate out of the Charlevoix airport whenever there are passengers to go.

For many years Beaver Island has been a popular hunting ground for deer hunters, but this will be the first season that small game has been sufficiently abundant to urge the state's hunters to come for that sport.

Beaver Island is inhabited by slightly fewer than 400 persons of which approximately 175 are Indians, the balance virtually all of Irish extraction, which has given the land the name of America's Emerald Isle.

"The islanders are a friendly lot of people who enjoy visitors from the mainland. We're hospitable here and we want to share what we have with others, because we are a part of Michigan even if our homes do set far out into the big lake", Lafreniere said.

Beaver Island is a colorful community, rich in historic sites and lore. Still standing on the main street of St. James is the building that once housed the printing plant of the Mormon colony that occupied the island from 1847 to 1856 under the stern rule of King James Jesse Strang. There are approximately 20 other Mormon buildings still standing.

Fishermen from old Ireland inhabited the island soon after the Mormans were forced out following the assassination of King Strang in 1856.

"NEW" HERALD OUT NEXT WEEK

Next week's the week you will get a Charlevoix County Herald with that "New Look." We can't tell you now, but we can promise you will be delighted with the bigger and better Herald you will receive next week.

Advertisers and ALL of our correspondents as well as contributors, are urged to have their copy in as early in the week as possible, as mechanical difficulties are apt to be encountered.

It is also hoped that our School news will start next week to keep parents informed of what their children are doing during the school year.

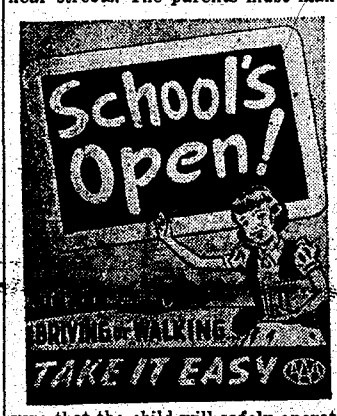

Every Child Should Be Careful

BACK TO SCHOOL WEEK STARTS NEXT MONDAY

This is Back-To-School Safety Month when any child on a curb or parkway must be a Go Slow sign to any driver, Dr. A. E. Heustis, State Health Commissioner said today.

Give a child a "brake" he said. Cautious speed and watchful eyes of drivers can save many lives this month. But, he suggested, drivers are not always at fault when a child is killed by a car.

Every parent must teach his or her child by example as well as by word of mouth how to cross a street, not to take risks, and not to play in or near streets. The parents must make

sure that the child will safely operate any wheeled vehicles he may use—roller skates, tricycles, motor scooters, automobiles—and that he knows the rules for their operation.

Then, he added another word for drivers: Children have many things to occupy their minds—a hopping robin, a friend across the street, a ball rolling down a driveway, a runaway pet, a school bell ringing. Be especially careful in the vicinity of schools and playgrounds, he urged.

Council Proceedings

The Regular Meeting of the Common Council of the City of East Jordan, was held Tuesday evening, Sept. 6, 1949, at 7:30 p. m. Present: Mayor Benson, Aldermen Strehl, Griffin, Malpass, and Clark. Absent: Aldermen Gee and Rebec.

Minutes of the last meeting were read and approved.

Bills were presented for payment:

Catholic Cemetery	$100.00
E. J. Firemen	62.50
Grace Freiberg, Sal. & Exp.	110.27

Porter Hdwe. was low bidder on the heating and plumbing contract at approx- been awarded these bidders.
imately $3,800.00. Contracts have

Work on this building should start in about two weeks.

Presbyterian Church To Honor Senior Elder, Wife, Organist

Forty-one years is a long period in a person's life, but that is exactly the time, lacking one month, that Wm. H. Sloan has served as elder in the Presbyterian Church. During that time both he and his wife, until ill health compelled the latter to curtail her activities, served faithfully and well in all department of the Church and Sunday School, giving generously of their time and talents.

Second only in length of service comes the organist of the Church, Mrs. Morgan Lewis, who has presided at the organ for the past twenty years. During this entire period her selections and playing have the atmosphere and the dignity so essential to the worship service.

There is a lot of truth in the saying that "virtue is its own reward" but the people of the Presbyterian Church are not satisfied to let it go at that. And so next Sunday night, in the basement of the church, there will be a fellowship pot luck supper in honor of these three members. The program which follows the supper will be in charge of Mr. Howard Porter. The day is Sunday, Sept. 11. The hour is 6 p. m.

Proposed Sewer Extension

Plans and specifications of proposed sewer on Prospect Street on file in the City Clerk's Office.

Proposed sewer to be on Prospect Street, extending one block North of Mary Street, to the North line of Hulbert Street.

Said sewer to be 6 inches in diameter; to be laid approximately 8 feet deep at North end; approximately 12 feet deep at South end where connecting with Mary Street sewer; at a cost of approximately $1.25 per foot.

Notice is hereby given that the City Council will meet, Monday, Sept. 19, 1949, at 7:30 p. m., in the City Building, to consider any suggestions and objections that may be made by parties interested in such sewer.

Thelma Hegerberg,
36-2 City Clerk.

Tournament at Golf Course Sunday

A Tournament will be held at Ye Nyne Olde Holles Golf Course on Sunday, Sept. 11th, at 1:00 p. m. It will consist of a two-ball foursome, driving and putting contests.

Free refreshments and prizes.

For additional information see Bill Grauel at the State Bank of East Jordan.

Best Wishes To You, Hilda

"Best Wishes to you, Hilda", was the inscription on a beautifully decorated cake with an Auxiliary emblem decorated in the middle, in honor of our outgoing President and new District President, Hilda Bathke, for serving us faithfully as our Unit President for seven years.

Eldeva Gokee was asked to do the honors of presenting Hilda with a corsage and made up a unique poem to fit the occasion.

Games were played and then Hilda opened many beautiful gifts she had received.

Refreshments were served with Hilda serving her cake.

We all wish you much success in your new office as District President Hilda.

Colorful story of Mississippi showboats! Read "Captain Billy's Showboat" in The American Weekly, the great magazine of true-life stories with Sunday's Chicago Herald-American.

WEST PENINSULA
(Edited by Mrs. Gaunt)

Mr. and Mrs. Loyal Barber of Knoll Crest spent last week vacationing across the Straits.

Mr. and Mrs. Bill Gaunt, Jr., had dinner Sunday with his sister, Mr. and Mrs. Alfred Crowell.

Mr. and Mrs. Frank Hayden were awarded the prize for having the largest family present with 10 in the family.

We were glad to hear that Grandma Barber of Knoll Crest was able to attend the County Picnic at Whiting Park and be the grand winner by being the oldest lady present.

Edwin Phillips leaves Tuesday for Escanaba to take over his job as auditor for the Jewell Tea Co. He spent the last two weeks with his wife and family at the Rustan.

Mr. and Mrs. Earl Gill at the Creek on South Arm returned to Lansing Monday evening. He has spent most of the summer up here but expects this will be his last visit until smelt time next spring.

Mr. and Mrs. Ralph Kile and son who have been vacationing at the Rustan the past week returned to Pittsburgh, Pa., Tuesday morning. They say they enjoyed themselves and hope to return again next year.

Mr. and Mrs. E. C. Ellison of Muskegon spent from Saturday to Monday visiting their son, Marshall, at Deer Lake, also calling on Mr. and Mrs. Wm. Gaunt, Sr., Sunday. Mrs. Ellison is an older sister of Mrs. Gaunt.

Mr. and Mrs. Willet Simmerman and son, Allen, and wife, of Muskegon drove up Friday to visit their cousins, the Gaunts. On their way up they stopped at Traverse City to see the Fair. While here they drove to Charlevoix and called on James Earl. They also visited Violet Ruckle who is a patient at Lockwood hospital in Petoskey.

Homemakers' Corner
— by —
Home Economics Specialists Michigan State College

HOUSEWIVES CAN DEMAND LABELS ON MERCHANDISE

Homemakers who complain about the lack of labels on yard goods or ready-to-wear garments will accomplish more by directing their complaints in the right place.

Labels about shrinkage, color fastness, wearing qualities and kind of fiber are expensive to the manufacturer and require a great deal of laboratory testing. Only through complaints made directly to them will the manufacturers know what the housewife wants in the way of information about her purchases and label them accordngly.

Home economists at Michigan State College say that the housewife is interested in fiber content, color fastness, shrinkage, wearing qualities, special finishes, care, and trade name. The same information she wants for draperies would not apply to a house dress.

A label about color fastness will refer to laundering and dry cleaning. If launderable the label should state whether color fast to hand or commercial launder, water temperature and mild or strong soap. If fast color, it should be fast to sunlight.

General terms as "pre-shrunk" or "shrunkproof" are not a guarantee against further shrinkag. Any shrinkage process should give a guarantee on further shrinkage of not more than two percent. More shrinkage would affect the garment size. Thread count is an indication of wearing quality.

Labels should indicate whether finish is permanent, if permanent to dry cleaning only, or washing only, or for life of fabric.

It is important for the homemaker to know who guarantees the garment or fabric. If satisfied she can repeat her purchase, if not, she knows to whom to direct her complaint.

WILSON...
(Edited by Mrs. Selma Eggersdorf)

The long drought was finally broken by a nice rain on Wednesday.

The Behling brothers have completed their threshing for the year and are now busy filling silo.

Eddy and Bill Thorsen are spending a few days with their aunt and uncle at Charlevoix.

Mr. and Mrs. Horace Warn and Mr. and Mrs. Albert Walters and son of Chicago are up to spend a few weeks on their farm here.

Mr. and Mrs. Albert Knop and children of Muskegon spent the week end with his brother, Aug. and family.

Mr. and Mrs. Warren Eggersdorf of Brookfield, Ill., spent three days with their parents, Mr. and Mrs. H. Eggersdorf.

Mr. and Mrs. Milton Veverka of Brookfield, Ill., spent the week end with her brother, Aug. Knop and family.

Mrs. Carl Knop and children, Carolee and Ronald, of Muskegon spent the week end at their farm home here. Ronald, who plays with the Muskegon Eagles baseball team, will be guest to a reception held for his team in Detroit this week.

The following have been on the sick list this past week: Mr. and Mrs. W. Kirchner, Aug. Knop, Chas. Reidel, and Mrs. S. Eggersdorf.

Mr. and Mrs. Ralph Collins and two daughters, Sherry and Margaret, of Wayne, Mich, who spent two weeks here camping and visiting with friends and relatives, left for home Tuesday.

Horace Warn is wiring his home for electricity and is planning to come up next spring to live on his farm here.

The Ladies Aid of Wilson Lutheran Church will meet with Mrs. Korthase on Thursday afternoon of this week.

Our pastor, Rev. Sattlemeir, can be heard over Morning Devotion Hour on W. M. B. N., Petoskey, on Thusday mornings at 10:15 a. m.

The following of Wilson have been lucky at the Wednesday evening drawings at East Jordan: J. Roberts, $140; L. Lick, $5.00; Mrs. W. Kirchner, $5.00; Mrs. A. Knop, $5.00.

Ed Behling will leave Friday for Springfield, Ill., where he will enter college to study for the ministry. His parents, Mr. and Mrs. Harry Behling, accompanied him on the trip.

Mr. and Mrs. C. Reidel, Mr. and Mrs. A. Walters and son, Albert, Mr. and Mrs. Henry Burdt of Flint, and John Schroeder and sister, Helen, were Sunday evening callers at the Eggersdorf farm.

FARM FACTS
from your County Agricultural Agent

SHEEP BREEDERS' WILL HAVE CHANCE TO GET GOOD RAMS

Michigan sheep breeders will have an opportunity to purchase good purebred rams this year without driving long distances. Plans are announced for the annual Ram Day at Michigan State College to be followed by a ram truck visit into northern Michigan counties.

Purebred breeders will bring rams to the MSC sheep barn on Monday, October 3, when buyers may personally make their selections and buy animals they need.

During the remainder of the week, a truck loaded with purebred rams will make stops in central and northern Michigan. Stops will be made at Ithaca, Clare, West Branch, Harrisville, Emerson and Gaylord. Ed Rebman, County Agr'l Agent has detailed information on the date and time of the stops. Farmers wanting a ram should contact Rebman.

Rams will be priced from $40 to $75, depending upon age and quality. Ram prices have not gone up as much as market lambs. If a good ram puts a few pounds more weight on each lamb in the crop it will more than pay the difference between the price of a good purebred ram and "just any ram".

SHORT COURSE SCHOLARSHIPS

Three $100 Short Course scholarships in general agriculture and home economics at Michigan State College have been made available to the boys and girls of Charlevoix Co. by the banks of the county. The following banks are participating in the scholarship program. Charlevoix State Savings Bank, Charlevoix; The State Savings Bank, East Jordan, and The State Savings Bank Branch, Boyne City.

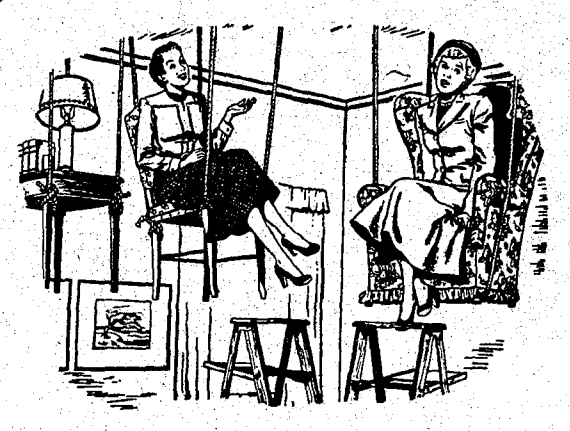

For the ten years from 1938 to 1948, the W. K. Kellogg Foundation sponsored Short Course scholarships for students from all the counties of Michigan. In 1948 the Michigan Bankers Association became interested in the program and after inquiring into the worthiness of the project, assumed sponsorship. There are now 192 banks in Michigan sponsoring Short Course scholarships at Michigan State College.

Candidates for the scholarship must be at least 17 years of age and must have completed at least the eighth grade. However, it is desirable that the candidate have a high school education. Anyone who is interested in a scholarship should contact Ed Rebman, County Agr'l Agent or Karl Festerling, Dis't. 4-H Club Agent, to obtain scholarship application blanks and more detailed information concerning the program.

The purpose of the Short Courses at MSC are twofold: First, to teach technical agriculture or home economics on a practical basis so as to help improve rural living standards in Michigan and secondly, to help develop the leadership abilities in the boys and girls so that they return to their home communities better able to assume leadership responsibilities. Instruction is by the regular college staff and full use use is made of the laboratory facilities of the college. The courses are offered in the fall and winter so as to interfere the least with farm labor demands on the home farm.

Boys receiving a scholarship may attend either the fall or winter eight week Short Course in General Agriculture. The fall term is from October 24 to December 16, 1949, and the winter term is from January 9 to March 3, 1950. Girls taking the Home Economics Course will be limited to the eight week winter term from January 9 to March 3, 1950.

Ed Rebman,
County Agr'l Agent

"Isn't it comfy up here?"

Ann: "Well, yes, but sitting up in the air—"

Betty: "If you lived in this drafty house, you'd do the same!"

Ann: "Don't blame your house . . . what you need is a Lennox Heating System! Why, you'd have warm air flowing gently through every room, without drafts or temperature differences between the ceilings and floors!"

Betty: "Wouldn't temperatures change when the furnace is going and stopping?"

Ann: "No—a Lennox works most all the time, gives you temperature changes less than a teeny fraction of a degree!"

Betty: "Sakes alive! Frank gets no supper tonight till he calls the Lennox dealer!"

WEEKLY NEWS ANALYSIS

Russia Threatens Yugoslav Regime; Truman Takes Arms Row to People; Excise Tax Cut Stymied This Year

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

YUGOSLAVIA:

War Clouds

Was the United States ready to go to war on behalf of Yugoslavia?

That was a paramount question as the hard-boiled struggle between Yugoslavia and Russia reached the threat-of-war stage. Diplomats pondered the question: What would the United States do if Stalin sent the Soviet army to overthrow Marshal Tito's regime in Yugoslavia?

BRITISH and American diplomats, however, ruled out the likelihood of a shooting war. They regarded Moscow's threat to "take more effective measures" in Yugoslavia as only a part of the war of nerves. British newspapers took a different view. They regarded the Soviet note as the "worst threat of war since 1939."

No one outside the Kremlin could know for sure what was coming next. But the threat that began 14 months ago to upset Tito when the Cominform read him out of the Communists party developed long ago into frequent shootings along the satellite borders.

Diplomats in Belgrade frankly were worried. As an example of the jittery situation, one embassy thought it had an inside tip on an "invasion" date.

THE QUESTION of American involvement was not quite as academic as it might appear. With the issue squarely joined between Communism and the west, and with the U.S. serving as the arsenal of the west, involvement as a result of any warlike Kremlin move was an ever-present possibility.

EXCISE TAX:

Not This Year

All hope for any reduction this year of federal excise taxes appeared doomed as congress shut the door on the issue. Excise taxes are collected on such items as furs, jewelry, luggage, cosmetics, transportation and telephone bills.

CHAIRMAN DOUGHTON (D., N.C.) of the tax-writing house ways and means committee issued a statement saying that he sees no prospect for a reduction in these taxes now. He gave as a reason the federal deficit threat of more than five billion dollars in the current fiscal year.

To clarify the subject for consumers, he added:

"I believe it is important to make this clear so that consumers will not postpone the purchase of goods subject to tax in the hope of an immediate reduction."

BUT HE HELD out hope of tax reliefs in the future. He said he had requested the congressional staff of tax experts to begin now a study of possible tax revisions and reductions for the consideration of congress next year. There was a hint, however, that if present excises are lowered, some other taxes may be increased—unless federal expenditures are reduced.

There remained a middle course, Doughton went on, which might provide a reasonable reduction in government expenditures, to require some increase in taxes where the increase can be borne without disturbing the economy, and to provide for a reduction in those taxes which are crippling enterprise and interfering with business expansion.

ACID TEST:

Fails For Granny

The gambling grandmother of Gardena, Calif., had a relapse.

MRS. SULA BELL STIMSON, 49, had been stricken with a compelling urge to gamble. She reached the stage where she forged checks with which to obtain funds for poker playing. She just couldn't resist the yen to see what that next card would be.

Last November she was brought into court for her weakness and was placed on probation for three years. Last April she was arrested again and a physician testified she had undergone a personality change from a normal housewife to a person afflicted with a craving for gambling.

HE SAID doses of glutamic acid had been used with some success in similar cases, recommended such treatment for Mrs. Stimson. The court agreed, and she was released to the custody of her family with court orders to continue the treatment.

It didn't work. The gambling grandmother had succumbed again to the fascination of the poker deck.

The acid test had failed.

Prep for Shirley

Shirley May France, 17-year old Somerset, Mass., schoolgirl, prepares for one of her last workouts prior to attempting to swim the English channel.

TRUMAN:

To The People

President Truman submitted his arms-for-Europe proposal to the people through the medium of the golden jubilee convention of the Veterans of Foreign Wars at Miami.

DECLARING the armament proposal was the "price of peace," he termed it this nation's guarantee against war and urged approval.

The President, contending that peace with freedom and justice cannot be "bought cheaply," urged that congress immediately approve the 1.5 billion-dollar arms outlay.

He conceded the cost was "considerable," but added that it "represents an investment in security that will be worth many times its cost."

There were those in congress, however, who were in noticeable disagreement with President Truman. These included several congressmen who have been stalwart supporters of administration policy.

THE DISSENTERS argued that it was "pouring money down a rathole" to attempt to prevent war or adequately arm the north Atlantic pact signatories as the Truman proposal planned. Others declared the program was simply "putting small arms in the hands of constabulary of little nations." U. S. military experts agreed that even with the program operative as envisioned by the President, Russia could overrun the continent in 60 days.

Claiming this, they added that since the U.S. would have to pay for World War III anyway if and when it came, the wiser course would be to build up national defense and striking power to the point where no surprise attack on this nation could be successful.

ELECTRONICS:

Machine Has 'Brain'

The parade of "mechanical brain" devices appeared neverending. The newest group—an automatic computer called Binac—is smaller, cheaper, brighter than the others.

It can calculate 12,000 times faster than a human being and does problems 25 times faster than more complicated machines. The inventors predicted it would usher in another industrial revolution in which machines can take over many jobs now done by man.

BINAC, built to order for Northrop aircraft company, was designed especially for complicated engineering problems such as in designing new military aircraft and guided missiles.

But Binac was not the last word in the field of mechanical "brains." A larger, general-purpose type of "magic brain" called Univac was under construction. Its first customer will be the U. S. census bureau.

UNIVAC, it was said, could even play chess, but only about as good as an average player, not an expert. It is expected that the machine also would be able to write simple melodies and lyrics because musical harmonics follow simple rules.

With Univac, according to reports, the American people will find out a lot of things they didn't know about themselves—that is, statistically speaking.

CHINA REDS:

Trading Is Out

It had a familiar ring: "You can't do business with the Chinese Communists." Remember? "You can't do business with Hitler." That certainly was true, and according to officials best informed on the Chinese situation, it was equally true of the Chinese Reds.

SLOWLY BUT SURELY, American businessmen and officials are finding out the truth of the statement. In ever-increasing numbers they are pulling out of the great centers in China. And with them goes inevitably the prospect for any important trade agreements between the United States and Communist China.

Yet there was an annoying paradox in the situation for the Chinese friends of the Kremlin. For the fact was that the Reds would have to turn to the United States if they were to obtain many things they need to fill the gaping holes in China's distraught economy.

THE American state department and other U. S. officials are incensed at the way American officials and private citizens have been treated by the Communists in China. They apparently have come to the conclusion that nothing can be accomplished by maintaining large consulate staffs in cities where the Reds have taken over. Weeks of trying to come to some terms with the Communists show nothing but failure.

To the initiate, this came as a surprise to U. S. policy makers. They had expected that as the Chinese Communists poured into Shanghi and other coastal points they would take a live-and-let-live attitude toward the Americans. They also figured that the Communists would have to do business with the U.S., inasmuch as they would have to look to the West rather than Russia for imports to meet China's economic needs.

But somehow or other it didn't work out that way.

POLIO:

Isolation Cut

Sufficient beds for polio patients in the nation's hospitals—a major problem in fighting the malady—appeared to be in sight as a result of a new approach to treatment and diagnosis in the early stages of the disease.

THIS may be brought about almost overnight and it can be done without adding a single bed in hospitals for acute cases, or training another nurse. Too, it will save millions of dollars in the cost of treatment.

All this is declared possible because of a decision by public health and medical authorities cutting the isolation period for early polio to one week—longer only if the fever lasts longer. Some states have been isolating polio patients for two weeks, some even for three or four, but the average has been two weeks.

The one week recommendation, made by 20 medical authorities, is part of a new guide for health officers of all the states. The guide is being sent to local health authorities, hospitals and doctors by the various state health officers.

POLIO patients are kept isolated when they are first ill to prevent spread of the disease, but medical studies have concluded that the disease is communicable only during the first three or four days before symptoms appear, and for two or three days afterward.

So for safety, isolation, the experts said, is necessary for only a week, or as long as there is a fever.

Open Season

Since film star Jimmy Stewart abandoned his bachelor status, Farley Granger, hailed as one of the movies' top romantic stars, is now Hollywood's No. 1 eligible bachelor. He is shown here in the role of Johnse Hatfield in a picture depicting the famous Hatfield-McCoy feud.

'BULL'ETIN:

Now He Knows

Joe King left Empire, Wis., with a 1,600-pound bull—but he got paid for only 1,410 pounds. This will probably teach Joe a lesson.

The distance to market was 13 miles overland. Joe had a truck but he decided he and the bull would hoof it. "It was kind of cool," he said, "and it seemed like a good idea. Five hours and 15 minutes later, Joe and the bull arrived. The bull lost 190 pounds.

U. S. AGENCIES

Six Departments Undergo 'Streamlining'

As a result of congressional action several government agencies went under the streamline plan and some mild reshuffling came about. Some 3,300 federal employees were affected as six of President Truman's reorganization plans went into effect under terms of the reorganization act of 1949.

Summing up, here is the gist of what occurred: The U. S. employment service went back into the labor department; the post office department and the maritime and civil service commissions were revamped with greater efficiency as the aim; the bureau of public roads became part of the commerce department; the national security resources board and the national security council became parts of the executive office.

DEVOTIONAL READING: Mark 14:12-16, 22-26.

Jesus and the Psalms

Lesson for September 11, 1949

SOME parts of the Old Testament Jesus never once mentioned. Others he quoted again and again. Could this be because some parts were more helpful to him than others? At any rate, the Psalms were one section of his Bible which he often quoted.

• • •

Worship

ONE Use Jesus made of the Psalms was in public worship. Whenever he went to the Temple he would join in singing or in listening to the great choirs singing these ancient hymns. Many of our own best-loved hymns, while not direct translations, are based on Psalms. For example. "Still, Still With Thee" is from Psalm 16; "God Is My Strong Salvation" from Psalm 27; "The King of Love" from Psalm 23; "O Worship the King" from Psalms 104.

Dr. Foreman

In private worship also we know Jesus used the Psalms. One of the Hebrew names for them was "The Book of Prayers," and Jesus, like many another who has loved these Psalms, found in them the natural expression of what was deepest in his heart when he turned toward his Father in heaven.

A striking proof of this comes from the story of Calvary. The cry, "My God, why hast thou forsaken me?" is a quotation from Psalm 22:1, and "Into thy hands I commend my spirit" is from Psalm 31:5.

Thus, two out of three prayers he uttered in his last moments were from the Psalms. So the reader today, pondering in a quiet moment these immortal poems, either from the printed book or better yet, as Jesus did, from the treasures of memory, may often find in them prayers which seem breathed from his own mind and to which he need only say, Amen.

• • •

Truth about God

JESUS also found in the Psalms a revelation of truth. It would be too much to say that Jesus derived his ideas of God from the Psalms. But certainly some of the great teachings about God which we hear from Jesus we can read already in the Psalms.

Jesus did not use the Psalms stupidly, of course. He would never have supposed that you could take just any sentence about God out of some Psalm or other, and quote it as the last word about God.

For instance, during his temptations the thought was suggested to him that he could jump off a high building and not be hurt; had not God promised just that in a Psalm? Now it is true that Psalm 91:9-12 does say that God will keep you from "dashing your foot against a stone" but Jesus knew that does not mean that God will guarantee to keep you out of trouble or harm no matter how foolish you are!

• • •

Christ in the Psalms

JESUS found in the Psalms also prophecies. There is a rather thin line between illustration and prophecy.

For instance, when the Jerusalem boys and girls were making such a noisy welcome for him, and the dignified priests were protesting, Jesus quoted Psalm 8:2 in defense of the children: "Out of the mouths of babes and sucklings thou hast perfected praise."

Did he mean that the Psalmist had predicted that very occasion, or did he mean that the Psalm expressed a truth always good?

At all events, we do know that Jesus often took a Psalm, or a part of one, as a prophetic picture of himself. He knew himself to be the true King of Mankind, "the Lord's Anointed," as his use of Psalm 110:1 plainly shows.

Yet he also knew that he must pass through suffering to his throne (Luke 24:26). When the leaders of his people rejected him he was not surprised, for he thought at once of Psalm 118:22-23. When he hung on the cross, and saw the soldiers gambling for his clothes, Psalm 22:16-18 would surely come into his mind.

And can we doubt that in his last agonies, one who knew the Psalms so well would not have remembered also the later lines from the same prophetic Psalm? It begins with the tragic question—Why? But it rises to a song of triumph—"When he cried unto him, he heard!"

(Copyright by the International Council of Religious Education on behalf of 40 Protestant denominations. Released by WNU Features)

LOOKING BACKWARD

From the Herald Files of Forty, Thirty and Twenty Years Ago

Compiled by Mrs. Ida Kinsey

SEPTEMBER 4, 1909

Wednesday, Sept. 1st at twelve o'clock William T. Boswell and Miss Grace Gregory were united in marriage by Rev. Geo. E. Allen of Gilman, Ill., at the home of the bride's parents, Mr. and Mrs. S. L. Gregory.

Our public School opens Monday with more favorable conditions than ever before with the following corps of instructors. High School: Supt., J. T. Northorn; Principal, Miss Margaret Cameron; Music and Drawing, Miss Mary E. Sheffield; History and Mathmetics, Miss Florence E. Hall; Languages, Miss Ethel M. Ash. Grammar Department: Eighth Grade, Miss Hazel I. Frazer; Seventh Grade, Miss Katherine Winne; Sixth Grade, Miss Lou A. Rice; Fifth Grade, Mrs. Effie Stanford; Fourth Grade, Miss Mary Lamport; Third Grade, Miss Maud Cross; Second Grade, Miss Edith Bingham; First Grade, Miss Jessie Severson; Kindgarten, Miss Martha Frieberg. West Side: Principal, Henry L. Winters; Fifth and Sixth Grades, Miss Ninnis G. Kell; Third and Fourth Grades, Miss Lucy Menzie; First and Second Grades, Miss Grace Keenholts.

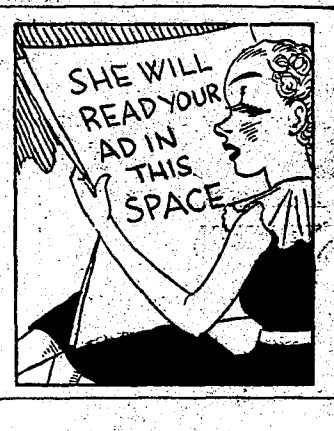

The Catholic School building is now complete and ready for occupancy. East Jordan has a right to be proud of this new addition. The school will commence next Monday, Sept. 6th, with high Mass and benediction. Only eight grades will be taught this year, including a special course of vocal music for every grade and a special course of needlework for girls.

Floyd, infant son of Mr. and Mrs. Ralph Murphy of Echo, died the 26th of Aug. after a short illness, aged 20 months.

Mrs. E. P. Hubbard and Miss Lydia Cook left Monday for Cincinnati where they select winter goods for B. C. Hubbard and Co. During their absence the store is in charge of Mr. Hubbard and Misses Margaret Bowman and Gladys Kenney.

At Charlevoix, Monday, Albert Staley and Miss Sadie Murphy of East Jordan were united in marriage at the Baptist parsonage.

John Crawford, well known resident of this section died Tuesday at his home. Members of the Maccabees acted as bearers. He was a Charter member of North Star Tent No. 130, K. O. T. M. M. Surviving are the widow, two sons and one daughter.

SEPTEMBER 5, 1919

Adjourned meeting of the City Commission, Friday, August 29, 1919 was called to order by Mayor Wilson. Moved by Gidley and supported by Crowell that the job of paving Esterly, Williams and Second Sts. be let to Monroe and Hughes, the lowest bidders, and that a contract be entered into by the following aye and nay vote: Ayes, Wilson, Gidley and Crowell. Nays, None.

At the Charlevoix County Fairgrounds gangs of workmen are busily engaged in getting the grounds in first class condition for the 1919 Fair which will be held Sept. 16th to 19th. The addition to the new Educational building is progressing. A new ticket office and front entrance are being built.

Mr. and Mrs. Leon Brown came Tuesday from Rapid City and will make their home here.

C. H. Maddaugh and family moved this week to Boyne City, where Mr. Maddaugh has employment.

John Boswell was called here Wednesday from Traverse City, by the illness of his brother, Wm. T. Boswell.

Sergeant Lee Shananquet, who was wounded in over seas service was home for a visit with his parents the past week.

Miss Mary Berg went to Grayling Saturday where she has a position as teacher.

Harry Walstad arrived home Thursday and Roy Bancroft, Monday, from overseas service.

Mr. and Mrs. W. E. Malpass left Tuesday for Harrisburg, Oregon, to visit their sons, John and Will Malpass.

SEPTEMBER 6, 1929

John L. Heller, Sr., passed away at his farm home north of East Jordan, Sept. 1st, following an illness from hardening of the arteries. Born at Macklenberg, Germany in 1859 he came to the United States in 1868 and to East Jordan in 1869. Surviving are the wife, Alvena Cook Heller, and two sons, Clifton of Charlevoix and Carl of Elk Rapids.

School will open Monday. Busses here Saturday for transportation of pupils for East Jordan Consolidated School.

The following is from the Traverse City Eagle of August 27th: That Charlevoix County must have an air port in the near future is self-evident. It should be centrally located between Boyne City, Charlevoix, and East Jordan so that all three cities may avail themselves of what is sure to come—mail, express, and passenger service.

Mrs. B. E. Waterman has purchased the Lena King residence on Main St. and will soon occupy it.

Cleve Isaman and family now occupy the Glen Supernaw home.

Mr. and Mrs. Ralph Pollitt with children and Mrs. Maud Pollitt of Newport are visiting at the Merle Thompson home and other relatives.

Mr. and Mrs. Lewis Milliman have purchased the Ed Bogart residence at 208 Fifth St. They moved their household effects here from Battle Creek and plan to make their home in East Jordan. They have two children, a son, Victor, who will enter High School as a sophomore, and a daughter, Miss Wilda, who is teaching in the Battle Creek public school.

Mrs. J. C. Monk (formerly Miss Emma Zoulek) with daughter, Miss Barbara, of Chicago, was here on a business trip and a visit with the former's friends first of the week.

Mr. and Mrs. Hector McKinnon and family of Gaylord took dinner at the home of Mr. and Mrs. Wm. M. Pickel, Sunday.

Mr. and Mrs. John Roy of Elkhart, Ind., were guests at the home of Mrs. W. P. Squier this week and renewing former acquaintances in the city.

Everyone knows—except the city union organizer—that it costs less to live in a Michigan small town.

The worker's dollar goes farther.

That is why a lower hourly wage rate can buy just as much as a higher hourly wage rate in the big town. The worker usually has less distance to travel to and from work; he finds rents to be lower. He can purchase a homesite for less money. Even the carpenter's bill will be less. Foodstuffs are more reasonably priced, too.

And, as any manufacturer will tell you, lower labor cost is needed in a small town if the company is to compete with the low unit cost of goods produced in the city by big-volume mass production methods. Only a big plant can afford big machines.

It has been the experience of many Michigan small town that industry prospers, and payrolls grow for workers, where a differential in labor cost prevails. Where union organizers induce the workers to demand city wages, production costs get out of hand. The plant often has to close.

These observations grow out of the "Michigan Mirror" survey of new industry in Michigan small towns, of which this is the concluding report. Belding lost a hosiery mill for just this reason. Baldwin's new industry to make bases and crates for Gibson stoves and deep freezes has been closd repeatedly because of excessive labor demands. A Muskegon firm proposed to open a foundry in Baldwin. When the labor situation at the Packing Material Company came to a head, the Muskegon division located elsewhere.

At Oscoda a community progress club sponsored a "building bee" to provide a plant for the Oscoda Door Manufacturing Company.

At Kaleva in Manistee county is a prime example of American free enterprise. Like the maker of th better mouse trap, Wm. Makinen developed a bait that caught fish. His home workshop has grown into an assembly line plant employing 70 persons at peak production. Seven salesmen were on the road last spring. The season's production by August 1 was 2,000,000 baits!

The Kaleva story is one of economic opportunity through individual enterprise and willing to risk individual savings.

Other Michigan small town reports in capsule form:

Montague—Chamber of Commerce raised $5,000 for new foundry. Foundry employs 30 men. Machine shop may eventually employ 40.

Elk Rapids—Elk Rapids Packing Company began operations July 12, 1948. This year approximately 4,000,000 pounds of sour cherries and 200,000 pounds of sweet cherries were canned. Peak employment was 22 persons. Robinson Metal Products employing five persons, produces a plywood paddleboard for water sports.

Birmingham—Asphalt pavement mix plant of Allied Chemical & Dye Corp., NYC. General offices and warehouse of Great Lakes Tractor & Equipment Company.

Escanaba—Branch of Harnischfeger Corp., Milwaukee, producing electric welders, truck cranes and sugar loaders: 200 employees. Wells Crate & Lumber Company, 50 workers. Fence Company of America, rustic fences, pre-fab cabins, 75 workers. Jacobson Furniture Company, 40 workers. Escanaba Glove Company, branch of Chicago firm, 40 workers. Delta Furniture Company, radio cabinets, 30 workers. Insulation Manufacturers Corp., 15 workers.

Ontonagon—New industry produces cement block called "Brikcrete".

Bellevue—Cheney Limestone Company, extracting lime, crushing for agricultural lime, road chips. Nine employees. Rickman Roofing Company, five to 12 men.

Vicksburg—Viking Products Company, air line equipment for welding machines, 20 workers and $1,500 weekly payroll. KaMaK Corp., punch press operations for automobile industry. Bendix strike caused summer layoff.

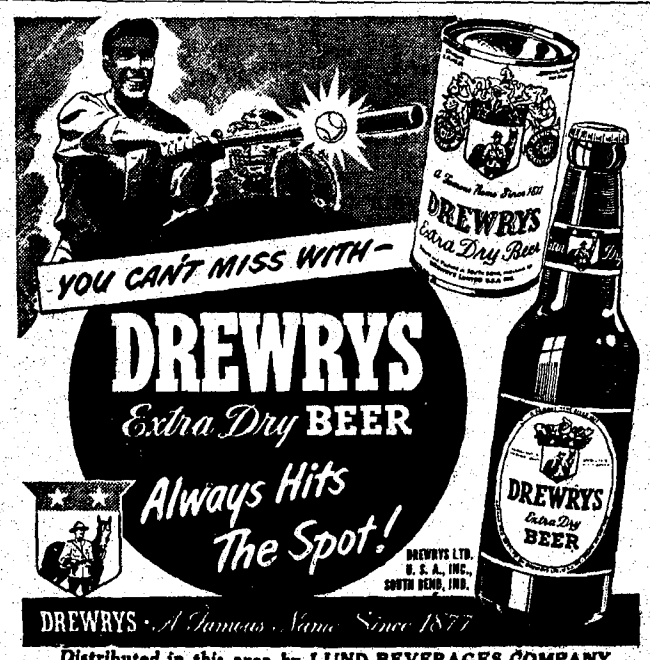

Greenville—Gibson 1949 wage figure is 269.03 per cent higher than comparative week of 1940. Federal Mogul also way ahead of pre-war.

Midland—Dow Chemical Company is still expanding.

Grand Haven—Nine new local industries, none of them branch plants! A few examples: Michigan Plastic Products, toys, aquarium-automotive-refrigerator parts. Electrical Assemblies, Inc., transformers, cord sets, relay saddles. Royal Oak Industries, contractor's and mason's levels.

Coldwater — Federal-Mogul Service, branch of Detroit firm, has expanded.

These examples indicate the opportunity still exists for new industry in Michigan small towns. New industry brings new payrolls. Everyone benefits — merchants, professional men, farmers and workers themselves.

WITH THE ANTRIM COUNTY AGR'L AGENT

W. Kirkpatrick, Extension Agent

ANTRIM HOMEMAKERS WILL STUDY FAMILY BUSINESS PROCEDURES

Leaders of Antrim County home economics extension groups will meet Tuesday, September 13, at the Court House in Bellaire, beginning at 10:00 a. m., says Virginia Vance, Home Demonstration Agent.

Leaders will study laws concerning "Property Ownership, Contracts, and Business Partnerships", as they affect the family. The lesson will be presented by Miss Lucile Ketchum, Extension Specialist in Home Management.

This lesson will be the first of the fall leader training meetings. All groups are urged to have their leaders present. Home Extension Council members are especially invited to attend this lesson. A short business meeting will be held, following the lesson.

ARTIFICIAL BREEDERS BUY TOP HOLSTEIN SIRE

One of the nation's outstanding Holstein bulls has become the seventieth sire in the Michigan Artifical Breeders' Cooperative stud at East Lansing, says Walter G. Kirkpatrick, County Agr'l Agent.

Rainbow Captain Bold is the proven sire purchased recently by the cooperative's Holstein committee from Robin Carr, Holstein breeder at Fowlerville. The bull was grand champion at the Michigan State Fair in 1947 and 17 of his daughters have completed tests showing an average production of 582 pounds of butterfat.

In June this bull became the eighty-fifth in the nation to be awarded the Holstein-Friesian Silver Medal Production award by the national association. The highest producer among his daughters made 850.2 pounds of butterfat.

"This bull which will serve 100 to 150 Michigan dairy cows each week through artificial means, will allow a thousand grade or cull bulls in Michigan to be discarded", A. C. Baltzer, Michigan State College dairyman said.

Kermit Carey, Flint; Doug. Pierson, Goodrich; Harold Wilson, Holt; and Merril Irwin, Perrinton, made up the Holstein committee of the Artificial Breeders' Association, that completed arrangements for purchase of the bull. Rainbow Captain Bold's services will be available to members of the 141 local artificial breeding cooperatives in 70 Michigan counties. He is being housed in the barn constructed by the cooperative on land leased from Michigan State College on the college farm near East Lansing.

In Antrim County Holstein Breeders, who are members of the Antrim-Charlevoix and Kewadin-Antrim Artificial Breeders' Association, have already used this sire in the herds. In a ilttle more than two years a number of these daughters will be in produstion, aiding the income of Antrim County Dairymen.

FERTILIZER MORE PLENTIFUL IN '50

The outook for fertilizer supplies for 1950 is brighter, Walter G. Kirkpatrick, agr'l agent for Antrim Co., learned today from officials at Michigan State College. He warned farmers, however, that they should purchase fertilizers to be needed next spring and take delivery whenever it can be made.

Nitrogen production is expected to be up about 25 percent. Potash materials may increase 10 to 12 percent and phosphate materials for fertilizer are about 15 percent greater, Kirkpatrick reports.

Although production facilities have also increased, the fertilizer industry faces a big problem of keeping plants going during the fall and winter because of lack of storage.

Antrim county farmers should purchase and accept delivery this fall or winter instead if waiting until spring the agent advised. Such action will assure the farmers of having an adequate supply and also enable factories to utilize fully their labor and equipment and produce maximum outputs.

A dry, well-ventilated place is needed for storage of the fertilizer, the agent explained. It should not be stacked more than 6 to 10 bags high and should be placed on planks in a manner to allow circulation of air underneath the piles.

GIANT COMIC BOOK — THE NEW FUN HIT!

Comics galore! Games! Puzzels! Photography! Magic! Other attractions, including radio listings! You'll find them in the New Giant 16-Page Comic Book, printed in pink, Exclusively with Detroit Sunday Times Two-Star Edition, on sale each week from Wednesday on.
